

KIT HIRE FORM

Please complete and hand or send to the Equipment Officer.

Note that you need to collect your kit from the pool on the Wednesday before you need it **at the latest** and return it the Wed after use in **good condition** with **full cylinder** if hired.

PTO for details of prices and conditions of hire

KIT HIRE PRICES

Note this does not apply to pool sessions when kit may be borrowed at no charge, other than normal pool fees.

Full kit: (BCD, regs, cylinder, mask, snorkel, fins)

Ocean Diver student (not yet qualified): Free

Qualified Ocean Diver: £10.00

Qualified Sport Diver: £20.00

Qualified Diver Leader and above: £30.00

Individual items (including cylinders) for all qualified divers: £5.00

Hire is for the period of a dive trip e.g. a day at Capernwray, a 2 day trip with the RHIB or even a longer single trip... but once you come home, kit must be returned to Nick McCard our Equipment Officer.

If you need Club kit, you need to contact Nick in good time and arrange to collect it on the Wednesday before the trip.

All kit will be tested and serviced by the Club when appropriate.

Hirers must return it in the condition they take it out.

Cylinders will normally be empty when given out but the deal is that they are returned **full**, so the cost to qualified divers will be the hire charge plus the cost of the fill and to unqualified students, the cost of a fill.

Club kit does not include dry suits. Some members may, at their own discretion, be prepared to lend dry suits to students until they are able to get their own.
