## 'Try-Dive' - Medical & Liability Disclaimer

The process of learning to dive begins with a 'Try-Dive' where you can see and experience the activity and then decide whether you like it enough to make a commitment to progress to a full programme of diver training. The minimum age for full diver training is 12 years.

**SCUBA diving is a sport which requires general physical fitness and good health. Anyone with a medical history of Diabetes, Black-outs (Epilepsy etc), Perforated Eardrums, High Blood Pressure or Heart Disease, any Lung or Respiratory Disorder or Dependence on Drugs, may not be able to take up this sport and before continuing further (this includes Try-Diving) MUST seek advice from a specialist Diving Medical Referee. (For further advice please discuss with a club representative)**

The 'Try-Dive' is available on the understanding that persons taking part:

- (a) Consider themselves medically fit and do not suffer from any of the disqualifying conditions mentioned above.
- (b) Will, in the interests of safety, comply with all reasonable instructions given to them by the Course Leader/Instructor.
- (c) Are able to swim and be confident in the water

If the applicant is under 18 years of age, the declaration must be completed and signed by a parent/guardian, who is aware of the person's health history. **A parent/guardian must be in attendance during the 'Try-dive' and at any subsequent training undertaken.**
